CEO Report

Hi everyone,

I hope this finds you and your families in good health and spirits.

We find ourselves in unprecedented waters and to say this is very concerning and scary, would be a huge understatement. COVID-19 or, as some refer to it, the Corona-virus, is a pandemic that will go down in history as one of the worst medical conditions the world has ever faced once it has run it's course. To think that the experts are saying that once it's gone, it very likely will resurface in the Fall/Winter of this year, is extremely concerning. But with luck, hard work and God's blessings, a cure will hopefully be found soon. Already, too many have suffered and died and we know these numbers will continue to grow. Unfortunately, it's due in part to people are not heeding the direction and advice that is being given to us by the medical professionals, our President, Governor, Mayor's, etc. And by not doing so, they are putting many at risk! This isn't right and most of us know this. So, I hope you all are practicing these safety standards.

As for the staff at EnAct, we have been working from our homes last week and, we will do the same this week. More than likely, I will extend this practice. I have told the staff and Board that the employees and their families safety is of utmost concern to me and due to that, I will err on the side of caution. We also have our partners and vendors and their families that we have to protect and vice versa So, while none of us know the extent and duration of this virus, as long as I feel we need to work from home for everyone's safety, that is what we will do.

Please take care, be safe and don't take any unnecessary chances. Your life and those of others could be at stake. That is a severe penalty that I don't believe any of us could live with. God bless.

Janetta's favorite T.V. show is "Big Bang Theory"

Sharon's favorite T.V. show is "Judge Judy"

ENACT EXCHANGE

Boone County

Graduation Mentors

We have continued our Graduation Mentor Program this school year at Scott, Sherman, & Clay High Schools. So far this school year, Americorp members have mentored over 75 students! They are working hard and doing anything they can to help these students toward graduation.

Partnerships & What's New

B.A.R.N. Community Center

The community library and the computer lab are now up and running for use. There is also a clothing closet available. B.A.R.N. is also looking for other tenants to join the B.A.R.N. family!

We will be hiring for the Boone County position, which will start out as a part time position.

Julia & Tamara with our Boone Mentors, (L-R) Summer, Amy & Angela

Clay Mentor Scott Ramsey (middle) with his site supervisors.

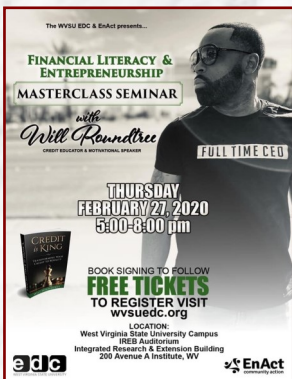

Fun Fact

Debby's favorite craft to do is embroidery!

ENACT EXCHANGE

What's New?

On February 27th EnAct, along with our partners WVSU EDC, held a free financial literacy seminar. We were able to book a renowned author, among other things, Mr. Will Roundtree. We had 38 attend the seminar.

Partnerships

Mary C. Snow & Edgewood Elementary

We provide funds for snack packs, serving over 450 kids!

Hope in Action

This is a new program projected to begin late spring. With several partners involved, this program will provide funds and supportive services as participants complete the recovery program at Prestera. We are excited about the impact this will make in the transition phase of recovery!

Trades Education & Development

This program has been very successful and such a great addition to our EnAct mission. The first TED class ended in November and 11 students graduated. 7 now have full time jobs. The second class started in January and is projected to end in April, but may change due to the pandemic. There are 5 students enrolled and projected to graduate.

(Left bottom is 1st graduation)

To help make sure the students had plenty of material for hands-on learning, Lowe's donated \$1,000 worth of building material!
